

KERSTEN COLLEGE

Private Primary School: GDE Registration number 400416

Director's Message

Welcome to Kersten College. Here, we strive to ensure every learner is happy in our nurturing and caring environment, and want a child to feel 'at home'. We are certainly firm, yet fair, and ensure we do our utmost best to offer some personal tuition to every child who needs it and is willing to do his/her part in completing each term's curriculum

Our school offers more than the ABC. We believe in holistic education, including values, principles, and good manners. An assembly is conducted each morning, (unfortunately not during the COVID-19 crisis), and includes a weekly theme, for example, manners, love, bullying, etc: We end each assembly, which lasts no more than about 10 minutes, with our National Anthem which the children and staff sing with pure gusto and pride.

A child does not have to understand the English language when starting at our school. Children are able to learn a new language within a few short months, and assure you the lack of knowledge of the English language does not negatively affect the child's ability to learn in any way.

You may ask whether the school is affiliated to a specific religion. The answer is no, we welcome and respect children and parents of all religions as we feel humankind's core values and principles are the same for all. We strongly believe in non violence, integrity, love, truth, peace, ethics and right action, and are not qualified in theology to teach religion at school. We do, however, celebrate a number of religious days.

Be assured, your child will receive the best attention at all times at Kersten College, and it is our mission to prepare your child to be able to meet the demands of any high school he/she will attend hereafter.

Elly Balloch (Mrs) Director
